

BURAK ÇELENK

LIVE AUDIO ENGINEER

ABOUT ME

Live Sound engineer with **10+ years (1200+ events)** of experience in F.O.H & Monitor mixing for concerts & events.

Experienced user of all major digital live audio mixers and analog mixers

Areas of expertise include; RF frequency coordination, PA tuning and measurement, audio networking protocols and signal flow.

Currently a highly active live sound engineer in Turkey, working with leading artists and large-scale productions. I mix around **120 concerts a year**. Some of them are the biggest acts in rock, pop, jazz and r&b music. These include **maNga, Karsu, Murat Boz, M-Lisa** to name a few.

I have also worked at some of the major Festivals in Turkey as a Festival Sound Engineer.

PROFESSIONAL EXPERIENCE

Monitor & F.O.H & RF Engineer

@ maNga

2016- Present

<https://www.instagram.com/mangamusic/>

maNga is one of the most successful rock music bands in Turkey with 2M monthly listeners.

Provided live sound engineering for 500+ events, including concerts, festivals, and tours across Turkey, Europe, and the USA.

@ many other prominent artists and bands

2015- Present

Murat Boz, Karsu, Ozbi, Kırac, M-Lisa, Adamlar, Can Bonomo, BaBaZuLa, Yüzyüzeyken Konuşuruz, Melike Şahin, Deniz Tekin, Ah! Cosmos, Gripin, Özge Fışkın, Brek, Eskiz, Nilipek, Birileri, Sufle, Queen Tribute By Cingi, Son Feci Bisiklet, Yasemin Mori, Aslı Gökyokuş, 5masa etc.

@ prominent live music venues

2013- 2016

Worked as a regular sound engineer at some of the prominent live music venues in Istanbul. From 300 to 1200 audience capacity, from 200 to 600 concerts per year.

Venues: Angie Bebek, Zeplin Moda, Dorock XL Kadiköy, Dorock Heavy Metal Club, Mask Music, Mojo Bar, Line Bar.

@RF Coordination in concerts, festivals, and live productions

2019-Present

Specializing in RF coordination and frequency management for large-scale live productions, I ensure uninterrupted wireless performance in high-density environments. By conducting detailed spectrum scans and interference analysis, I optimize wireless microphone and in-ear monitoring systems. Utilizing tools like Shure Wireless Workbench and RF Explorer, I effectively minimize interference and maximize reliability during live events.
